Name _____

Online Is Real
Review Questions

1. Describe *two* ways a teenager's life could be affected by a picture of them with a can of beer on their social-media profile.

2. If you could somehow guarantee that your boss could not access your social-media profiles, would there still be any reason to avoid making unprofessional comments online? Why or why not?

3. Imagine you have a friend who just posted a Facebook update making fun of their biology teacher, and got called in by the vice principal. Your friend is totally surprised; they thought only their friends would see the post. What advice would you give your friend about how to prevent this kind of thing from happening again? Give *two* tips.

4. State one preference about online sharing that you have discussed or think you will discuss with a family member or friend. Why is it important to you that they know this preference (or that you know theirs)?

5. Imagine that last weekend, you went to a theme park with your best friend, where you took many cool pictures together. Name one thing you should do or think about *before* you post these pictures on your online social-media profile.
